MICROBIOLOGY

With the stoppage of outsourcing of many serology and molecular biology tests, these facilities were created in the existent laboratory by the installation of CBNAAT and VIDAS machines. These facilities were also extended to various other ESIC Hospitals like ones at Manesar, Gurugram, Noida and Okhla resulting in a tremendous increase in the workload which is being very efficiently managed by the staff of the Department. Recently, during the COVID 19 pandemic the newly established Virology Laboratory where

RT PCR is being performed on samples for diagnosis of COVID 19 patients is a feather in our cap.

BIOCHEMISTRY

Techno-meet Program on VITROS XT 7600 Integrated System conducted successfully by Department of Biochemistry in ESIC Medical College & Hospital, Faridabad on 30th January,2020.
